**FOR IMMEDIATE RELEASE**

## **New Caltrans Project to Install Drainage System at State Route 116 and Bohemian Highway**

**Monte Rio**-Caltrans crews are scheduled to begin a drainage system project at the intersection of State Route 116 and Bohemian Highway around January 8.

Crews will excavate the roadway to install the drainage system. One way traffic control will be in effect during the day with flaggers directing traffic. At night, metal plates will cover the work area and two way traffic will resume.

This job is a twenty-day work contract, but depending on how wet the winter is, the work could take longer. Caltrans awarded the \$100,500 contract to Dreambuilder of Placentia, California.

This drainage work at SR 116 and Bohemian Highway, along with the other storm damage repair jobs on SR 116, contribute to the long-term roadway stability Caltrans is building in the area.
